*Sweet & Bitter Magic* Dec 21 2021 In this charming debut fantasy perfect for fans of Sorcery of Thorns and Girls of Paper and Fire, a witch cursed to never love meets a girl hiding her own dangerous magic, and the two strike a dangerous bargain to save their queendom. Tamsin is the most powerful witch of her generation. But after committing the worst magical sin, she's exiled by the ruling Coven and cursed with the inability to love. The only way she can get those feelings back—even for just a little while—is to steal love from others. Wren is a source—a rare kind of person who is made of magic, despite being unable to use it herself. Sources are required to train with the Coven as soon as they discover their abilities, but Wren—the only caretaker to her ailing father—has spent her life hiding her secret. When a magical plague ravages the queendom, Wren's father falls victim. To save him, Wren proposes a bargain: if Tamsin will help her catch the dark witch responsible for creating the plague, then Wren will give Tamsin her love for her father. Of course, love bargains are a tricky thing, and these two have a long, perilous journey ahead of them—that is, if they don't kill each other first.

**Lobizona** Jun 26 2022 "Garber's gorgeous novel combines the wonder of a Hogwarts-style magic school with the Twilight-esque dynamics of a hidden magical species that has strict rules about interacting with the human world." - BOOKLIST (Starred Review) Some people ARE illegal. Lobizonas do NOT exist. Both of these statements are false. Manuela Azul has been crammed into an existence that feels too small for her. As an undocumented immigrant who's on the run from her father's Argentine crime-family, Manu is confined to a small apartment and a small life in Miami, Florida. Until Manu's protective bubble is shattered. Her surrogate grandmother is attacked, lifelong lies are exposed, and her mother is arrested by ICE. Without a home, without answers, and finally without shackles, Manu investigates the only clue she has about her past—a mysterious "Z" emblem—which leads her to a secret world buried within our own. A world connected to her dead father and his criminal past. A world straight out of Argentine folklore, where the seventh consecutive daughter is born a bruja and the seventh consecutive son is a lobizón, a werewolf. A world where her unusual eyes allow her to belong. As Manu uncovers her own story and traces her real heritage all the way back to a cursed city in Argentina, she learns it's not just her U.S. residency that's illegal. . . .it's her entire existence. "With vivid characters that take on a life of their own, beautiful details that peel back the curtain on Romina's Argentinian heritage, and cutting prose Romina Garber crafts a timely tale of identity and adventure."—Tomi Adeyemi New York Times bestselling author of Children of Blood and Bone

**The 7 Laws of Magical Thinking** Oct 26 2019 In this witty and perceptive debut, a former editor at Psychology Today shows us how magical thinking makes life worth living. Psychologists have documented a litany of cognitive biases- misperceptions of the world-and explained their positive functions. Now, Matthew Hutson shows us that even the most hardcore skeptic indulges in magical thinking all the time-and it's crucial to our survival. Drawing on evolution, cognitive science, and neuroscience, Hutson shows us that magical thinking has been so useful to us that it's hardwired into our brains. It encourages us to think that we actually have free will. It helps make us believe that we have an underlying purpose in the world. It can even protect us from the paralyzing awareness of our own mortality. In other words, magical thinking is a completely irrational way of making our lives make rational sense. With wonderfully entertaining stories, personal reflections, and sharp observations, Hutson reveals our deepest fears and longings. He also assures us that it is no accident his surname contains so many of the same letters as this imprint.

Where do the stories of our mothers and grandmothers end and ours begin? How do we find words—in Korean, Japanese, English, or any language—to articulate the profound ways that distance can shape love? Eun Ji Koh fearlessly grapples with forgiveness, reconciliation, legacy, and intergenerational trauma, arriving at insights that are essential reading for anyone who has ever had to balance love, longing, heartbreak, and joy. **Living the Magical Life** Mar 31 2020 This is a compelling account of one woman's journey to reclaim the magical, oracular, and spiritual dimensions of life. After building a personal altar to the Black Madonna, art critic Suzi Gablik finds herself immersed in a world of oracles and synchronicities. Confronting the challenges of a powerful experience that is filled with paradox and ambiguity, she arrives at a very special place of being able to enjoy, accept, and trust the ultimate inscrutability of the universe. Today many of us live without access to the visionary part of our psyche. We tend to think of life as being unpredictable and random—a series of disconnected events, flowing like an arrow through time. Living the Magical Life opens a doorway to a deeper vision of the world.

*The Year of Magical Thinking* Jan 10 2021 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • From one of America's iconic writers, a stunning book of electric honesty and passion that explores an intensely personal yet universal experience: a portrait of a marriage—and a life, in good times and bad—that will speak to anyone who has ever loved a husband or wife or child. Several days before Christmas 2003, John Gregory Dunne and Joan Didion saw their only daughter, Quintana, fall ill with what seemed at first flu, then pneumonia, then complete septic shock. She was put into an induced coma and placed on life support. Days later—the night before New Year's Eve—the Dunes were just sitting down to dinner after visiting the hospital when John Gregory Dunne suffered a massive and fatal coronary. In a second, this close, symbiotic partnership of forty years was over. Four weeks later, their daughter pulled through. Two months after that, arriving at LAX, she collapsed and underwent six hours of brain surgery at UCLA Medical Center to relieve a massive hematoma. This powerful book is Didion's attempt to make sense of the "weeks and then months that cut loose any fixed idea I ever had about death, about illness ... about marriage and children and memory ... about the shallowness of sanity, about life itself.

**The Magical Empath Book I** Apr 24 2022 Empath, break the chains! Stop feeling overwhelmed and move toward mastery, magic and miracles. The Magical Empath brings together ancient, yet modern time-tested, methods for personal and spiritual transformation. This first in series book speaks to the hearts of empaths, starseeds, lightworkers, crystals, indigo and highly sensitive individuals. It is common to feel very alone with the person you are inside. You know ... the one you have been hiding or trying to tamp down. Yes, that one. The fact is, at this time in our world, there is an army of us. We are here for a reason. It is up to us to help usher in a world that is more transparent, feeling, and ultimately beautifully grounded in truths. The knowledge contained herein is for those serious about leveling up to create an intensely magical life experience for themselves that ultimately touches those around them. Empathic individuals have the capacity to affect or enact magic ... if they choose to. Many do not realize this about themselves yet. They are caught in a tight web of being different and not knowing how to live more free. Like any solid role playing game, we must possess the tools to wield our way through a maze of confusion and fears, seizing the right fortunate opportunities when they arise. While this game we are engaged in is completely an illusion, when we are playing it, the game feels very real. And that is what we do as empaths -- feel. The Magical Empath series is designed to show you the more eloquent moves to make on the chessboard of life. Empowerment through regulation and discernment, plus reaching a full understanding of who you are will propel you into your own magical destiny. In this book, you will master: ?How to get past the uncomfortable feelings, such as anxiety, and on to the big magic that exists for advanced empaths. ?How to consistently attract synchronicities into your life that blow your mind and confirm you are on the right track. ?How to be soft, yet a formidable force for good. ?How to live in a balanced way with increased sensitivity, creativity and joy. ?How to magically erect a filter that allows into your field the feelings of others you want to take on or examine. Likewise, you will learn how to not be affected by those emotions coming in that you do not want. ?You will gain considerable knowledge about energy - the essence of all - including how to protect, manage it, attract it and receive more of the good energy you desire. And much more .... Whether you recently discovered you are an empath or have known for quite awhile, this book series will become an invaluable part of your library and something you will want to share with other empathic souls. If you feel ready to move ahead and level up in this game of life, let's get started! Magical empathic lives do come true!
