The Encyclopedia of Historic and Endangered Livestock and Poultry Breeds Dec 24 2021 "The need to preserve farm animal diversity is increasingly urgent, says the author of this definitive book on endangered breeds of livestock and poultry. Farmyard animals may hold critical keys for our survival, Jan Dohner warns, and with each extinction, genetic traits of potentially vital importance to our agricultural future or to medical progress are forever lost."--BOOK JACKET.

The Book of Clever Beasts Sep 20 2021 Excerpt from The Book

of *Clever Beasts: Studies in Unnatural History* What you need, said this gifted scientist to me, is absolute rest and quiet. If you do not pack up and take to the woods within three days from the receipt of this notice, I will not answer for the consequences. Your brain is slowly but surely giving way. Your batteries are becoming exhausted and must be renewed if measurable currents are to be expected. I recommend new cells, rather than recharging from a dynamo. Get busy now.

Funk Aug 27 2019 Funk: It's the only musical genre ever to have transformed the nation into a throbbing army of bell-bottomed, hoop-eared, rainbow-Afro'd warriors on the dance floor. Its rhythms and lyrics turned bleak urban realities inside out with distinctive, danceable, downright irresistible music. Funk hasn't received the critical attention that rock, jazz, and the blues have-until now. Colorful, intelligent, and in-your-face, Rickey Vincent's Funk celebrates the songs, the musicians, the philosophy, and the meaning of funk. The book spans from the early work of James Brown (the Godfather of Funk) through today, covering funky soul (Stevie Wonder, the Temptations), so-called "black rock" (Jimi Hendrix, Sly and the Family Stone, the Isley Brothers), jazz-funk (Miles Davis, Herbie Hancock), monster funk (Parliament, Funkadelic, Bootsy's Rubber Band), naked funk (Rick James, Gap Band), disco-funk (Chic, K.C. and the Sunshine Band), funky pop (Koolhaas & the Gang, Chaka Khan), P-Funk Hip Hop (Digital Underground, De La Soul), funk-sampling rap (Ice Cube, Dr. Dre), funk rock (Red Hot Chili Peppers, Primus), and more. Funk tells a vital, vibrant history-the history of a uniquely American music born out of tradition and community, filled with energy, attitude, anger, hope, and an irrepressible spirit.

Annual Report Jun 05 2020

Liberty Is Sweet Mar 15 2021 A “deeply researched and bracing retelling” (Annette Gordon-Reed, Pulitzer Prize–winning historian) of the American Revolution, showing how the Founders were influenced by overlooked Americans—women, Native Americans, African Americans, and religious dissenters. Using more than a thousand eyewitness records, *Liberty Is Sweet* is a “spirited account” (Gordon S. Wood, Pulitzer Prize–winning author of *The Radicalism of the American Revolution*) that explores countless connections between the Patriots of 1776 and other Americans whose passion for freedom often brought them into conflict with the Founding Fathers. “It is all one story,” prizewinning historian Woody Holton writes. Holton describes the origins and crucial battles of the Revolution from Lexington and Concord to the British surrender at Yorktown, always focusing on marginalized Americans—enslaved Africans and African Americans, Native Americans, women, and dissenters—and on overlooked factors such as weather, North America’s unique geography, chance, misperception, attempts to manipulate public opinion, and (most of all) disease. Thousands of enslaved Americans exploited the chaos of war to obtain their own freedom, while others were given away as enlistment bounties to whites. Women provided material support for the troops, sewing clothes for soldiers and in some cases taking part in the fighting. Both sides courted native people and mimicked their tactics. *Liberty Is Sweet* is a “must-read book for understanding the founding of our nation” (Walter Isaacson, author of *Benjamin Franklin*), from its origins on the frontiers and in the Atlantic ports to the creation of the Constitution. Offering surprises at every turn—for example, Holton makes a convincing case that Britain never had a chance of winning the war—this majestic history revivifies a story we

thought we already knew.

The Hats that Made Britain Jun 17 2021 Many of the world's most famous hats have their origins in Britain; in the Middle Ages there were civil and religious laws requiring hats to be worn and in Victorian Britain a person would no more leave home without a hat than a pair of trousers. It is no surprise that London's oldest surviving shop, Lock and Co., is a hatter. From practical everyday caps and bonnets to military headwear, top hats, and even the coronation crown, hats of all sorts have passed through its doors and continue to do so after more than 300 years. In this fascinating new book David Long reveals how much of Britain's social history can be understood through its headwear, and in exploring the ways in which a hat speaks volumes about its wearer's rank and status he tells the stories of the people beneath some of the most famous hats of history.

The Cutting Edge: Khoe-San rock-markings at the Gestopfontein-Driekuil engraving complex, North West Province, South Africa Oct 29 2019 This book addresses rock engravings on the wonderstone hills just outside Ottosdal, South Africa. Much of the rock art has been destroyed due to mining activities, with very few records and the largest remaining outcrop is still threatened. The study hopes to bring this situation to the attention of the public and the heritage authorities.

Pattern Recognition Nov 30 2019 Pattern Recognition - a pulsating techno-thriller by William Gibson, bestselling author of Neuromancer Cayce Pollard has been flown to London. She's a 'coolhunter' - her services for hire to global corporations desperate for certainty in a capricious and uncertain world. Now she's been offered a special project: track down the makers of the addictive online film that's lighting up the 'net. Hunting the source will take her to Tokyo and Moscow and put her in the sights of Japanese computer crazies and Russian Mafia men. She's up against those who want to control the film, to own it - who figure breaking the law is just another business strategy. The kind of people who relish turning the hunter into the hunted . . . William Gibson is a prophet and a satirist, a black comedian and an outstanding architect of cool. Readers of Neal Stephenson, Ray Bradbury and Iain M. Banks will love this book. Pattern Recognition is the first novel in the Blue Ant trilogy - read Spook Country and Zero History for more. 'A big novel, full of bold ideas . . . races along like an expert thriller' GQ 'Dangerously hip. Its dialogue and characterization will amaze you. A wonderfully detailed, reckless journey of espionage and lies' USA Today 'A compelling, humane story with a sympathetic heroine searching for meaning and consolation in a post-everything world' Daily Telegraph Idoru is a gripping techno-thriller by William Gibson, bestselling author of Neuromancer 'Fast, witty and cleverly politicized' Guardian

Palestinians and Israelis in the Theatre Sep 08 2020 The Jewish-Israeli theatre is a complex and developed system in which the dispute with the Palestinians constitutes just one of the important components in its repertoire; while the Palestinian theatre, both within and outside of Israel, is being consolidated. This work brings together these two approaches by relating to the Palestinian theme as it appears in the Jewish-Israeli theatre and by attempting to characterize the Palestinian theatre in general.

Crochet Bathroom Patterns Oct 10 2020 Every bathroom needs beautiful decorations. They especially need vintage bath mats, seat covers, and rugs. Luckily, this book has plenty of them. All of the patterns come with pictures and well-written instructions.

Tribal Television Jun 25 2019 Native Americans have been a constant fixture on television, from the dawn of broadcasting, when the iconic Indian head test pattern was frequently used during station sign-ons and sign-offs, to the present. In this first comprehensive history of indigenous people in television

sitcoms, Dustin Tahmahkera examines the way Native people have been represented in the genre. Analyzing dozens of television comedies from the United States and Canada, Tahmahkera questions assumptions that Native representations on TV are inherently stereotypical and escapist. From *The Andy Griffith Show* and *F-Troop* to *The Brady Bunch*, *King of the Hill*, and the Native-produced sitcom, *Mixed Blessings*, Tahmahkera argues that sitcoms not only represent Native people as objects of humor but also provide a forum for social and political commentary on indigenous-settler relations and competing visions of America. Considering indigenous people as actors, producers, and viewers of sitcoms as well as subjects of comedic portrayals, *Tribal Television* underscores the complexity of Indian representations, showing that sitcoms are critical contributors to the formation of contemporary indigenous identities and relationships between Native and non-Native people.
