Think, Act, Be Like Jesus Feb 23 2022 The Bible teaches that the goal of the Christian life is to become like Jesus—for our own personal growth and for the sake of others. Every believer needs to ask three big questions: What do I believe? What should I do? And who am I becoming? In *Think, Act, Be Like Jesus*, bestselling author and pastor Randy Frazee helps readers grasp the vision of the Christian life and get started on the journey of discipleship. After unfolding the revolutionary dream of Jesus and showing how our lives fit into the big picture of what God is doing in the world, Frazee walks readers through thirty short chapters exploring the ten core beliefs, ten core practices, and ten core virtues that help disciples to think, act, and be more like Jesus Christ. This compelling new book can be used in conjunction with the 30-week all-church Believe campaign or read separately as an individual study. Either way, readers will deepen their understanding of what it means to not just know the Story of God, but to live it.

Black History Dec 12 2020 Black History is World History. This book is intended for kids to enjoy. It is my intentions for parents and teachers to read along with kids and explain any difficulties they may run across. This book will not only raise awareness but it will also raise self-esteem. Something that is important for early child development. In order to achieve a high status or an important figure in life, you must first believe it is possible. Too many kids are dropping out of school, being incarcerated, becoming addicted to illegal substances or just giving up on life. Many have been disenfranchised. One of the Great Kings in this book is Mansa Musa (Emperor of Mali). Mansa Musa is known as the richest man of all time. In today's standards, he would be worth 400 billion dollars. He built some of the most prestigious colleges in the world at the time he was Emperor. Can you imagine the impact on a child's mind if he were told a black man, or better put, an African man was the richest man of all time. This information could have an extraordinary impact on the success of a child's future. I think this book should be part of the curriculum.
